

# How can we express ourselves?

## Summer Term

April – July 2025

### Home learning

At Rivendell Flying High we encourage our families to be partners with us in their children's learning; therefore, I have created some tasks which link to our Summer Enquiry question, that you may like to complete with your children at home throughout the summer term.

I would like all children to choose at least three activities to complete over the course of the Summer Term and to upload some pictures of their completed home learning to Class Dojo.

All learning completed at home will be rewarded with Rivendell Rewards – 5 for each challenge completed!

Happy learning and I cannot wait to see all your marvellous successes!

Miss Byrom

<p><u>1.</u> Can you create piece of artwork inspired by your favourite song? How does your song choice and artwork express how the song makes you feel?</p>	<p><u>2.</u> Can you visit Nottingham Contemporary Art Gallery with your family and take a picture with your favourite piece of art? I wonder if you can recreate it at home?</p>	<p><u>3.</u> Can you design an incredible outfit, just like Vivienne Westwood? What might inspire your designs? How can you express yourself through your fashion design choices?</p>
<p><u>4.</u> How do you like to express yourself? I wonder if you can take some pictures of your favourite way of showing who you are. Maybe you like to dance, cook, sing or play a sport – can you write a sentence telling me why this is your favourite way to express yourself?</p>	<p><u>5.</u> Nadiya Hussain loves to express herself through cooking and baking – can you create a recipe card with step by step instructions (don't forget those time conjunctions) of your favourite meal? I wonder if you can make it at home and take some pictures?</p>	<p><u>6.</u> Why not create your own concrete garden at home! Be inspired by Bob Graham and his book The Concrete Garden -can you use chalks to create your own artistic masterpiece?</p>
<p><u>7.</u> Can you create your own obstacle course and express yourself through physical activity, just like Anthony Joshua? Ask your family to have a go!</p>	<p><b>Remember – take lots of pictures, bring in your beautiful artistic creations, recipe cards and clothing designs to share with us all in class! Happy Homeworking!</b></p>
