

What shapes our perception?

Summer Term

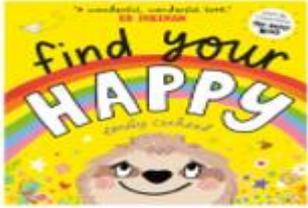

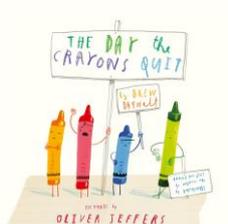

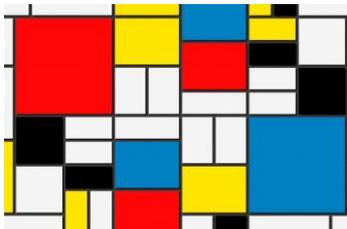

April- July 2025

Home learning

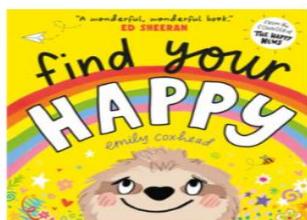

We want to encourage our families to be partners with us in their children's learning; therefore, we have created some tasks which link to our current Enquiry question, that you may like to complete with your children at home. We would like all children to choose at least one activity to complete this half-term and to have brought this into school to share by **Wednesday 23rd July 2025.**

All learning completed at home will be awarded a certificate in assemblies and celebrated within the classroom and shared school environment.
